

System Requirements

Accessing Cornerstone CFCU's Internet Banking service is easy - all you need is a computer or laptop and an internet connection.

For the best online banking and security experience when using Cornerstone CFCU's Internet Banking the following operating systems and most recent web browser versions are recommended:

- Apple® OS X® and Microsoft® Windows®
- A browser that supports Secure Socket Layer (SSL) with at least 128-bit encryption and is JavaScript enabled.
- The following browsers are supported:
 - Apple Safari, current version and two previous major versions
 - Google Chrome, current version and two previous major versions
 - Microsoft Edge, current version and two previous major versions
 - Mozilla Firefox , current version and two previous major versions
- A 1024 x 800 screen resolution is optimal, but you should be able to view content at other screen sizes.

A lower version browser or PDF viewer may be used in some cases. However, for optimal performance, we suggest that you maintain current versions. Some browsers may offer automatic software updates - they scan your computer, determine if you're running an outdated version and then give you the option to install an upgrade.

Cornerstone CFCU's Mobile Banking

For the best experience when using Cornerstone CFCU's Mobile Banking, we recommend:

- iOS version 13 and above for our Apple® app
- Android OS version 5.0 and above for our Android™ app

Cornerstone CFCU's Alerts

To receive Cornerstone CFCU Alerts, you must have the following:

- Cornerstone CFCU Online Banking account, including the equipment and software specified above for Online Banking
- A valid email address
